SUMMER SESSION

Number Two

Wednesday, July 3, 1946

TRANSPORTATION

As if life's complications weren't enough, we now have the street car strike. Unfortunately, this college cannot do anything to bring an end to it. We are nearly as helpless in trying to solve your individual transportation difficulties.

Those who come in automobiles, and who signed the blank that was sent around, are urged to continue to cooperate. Please be on hand at classroom doors at the time and place you indicated until you have arranged with passengers.

Also, PLEASE VISIT THE BULLETIN BOARD near Dean Ward's office, IF YOUR QUOTA IS NOW FILLED and MAKE A PENCIL CROSS OVER THE PAGE YOU TURNED IN.

Your cooperation in this effort to bring riders and car drivers together is most appreciated. In these social crises our capacity for this kind of democratic action is our only proof of ability to cope with such problems. It is gratifying to find that we measure up to it.

GRADUATION

Plans for summer session graduation will be announced after July 15th. Those completing requirements for degrees will receive diplomas. Credentials for teaching will also be distributed.
